We respectfully invite the attention of our Lady friends to the announcement this week, of our white and colored suits, assuring them that genuine bargains can be had in this department.

We have but a limited stock of these goods left, and will close them out at prices that will justify any one purchasing for next season, even though they could not be worn this season.

We solicit a visit of inspection. Many styles are greatly reduced which we cannot enumerate, owing to the limited space.

We call special attention to our Summer Weight Woolen Suits in Cream Nuns Veiling. Ask to see them.

In Biege Colored Albetros, Genuine Bargains, and many others in all styles and colors.

SANGER BROTHERS.

Shot from Ambush.

Burton, Aug. 29.—Alfred Hudson was in wait for Ed Bracken last night as he was returning home and shot him dead. Both parties are colored. The killing was the result of an old feud. Hudson gave himself up.

Republican State Convention.

Austin, Aug. 29.—J. C. Degress, of Austin, chairman of the state republican executive committee, in compliance with the request of the special committee, which met here yesterday, to-day issued a call for a state convention of the republican party to meet at Fort Worth September 20th to nominate a full ticket.

Fatal Boiler Explosion.

Denton, Aug. 20.—Robert Kirkpatrick was instantly killed and John Benson seriously wounded to-day by the explosion of a boiler of a portable engine. Kirkpatrick's right leg was blown entirely off and received other injuries. No water in the boiler was the cause of the accident.

Killed Dead.

Greenville, Aug. 29.—Olan Blades, a young man of Greenville, was killed last night in a saloon row by Gus Spencer. Blades fired twice at Spencer before the latter returned the fire. Blades fired at John Cameron after he was fatally wounded, but missed his mark.

Honor to Mr. Mills.

Chicago, Aug. 29.—The Iroquois club gave an informal reception to Roger Q. Mills yesterday and entertained the distinguished tariff reformer at a dinner of the rooms of the organization on Dearborn street. Mr. Mills was accorded a hearty welcome. Among the prominent gentlemen present were Chief Justice M. W. Fuller, Hon. R. J. Smith, Collector Seaburg and Postmaster Judd. Mr. Mills left for the east last night.

Shot in the Eye.

San Antonio, Aug. 28.—John Ireland, not the "sage of Seguin," was shot in the right eye last night and is laid up for repairs in the county jail. He is a burly negro who for fifteen

years past has been the terror and the pest of the neighborhood. He once served a short term in the penitentiary, and has been arrested for vagrancy and having burglars' tools in his possession time out of mind. Officer Dolan was informed this morning that a wounded man had taken refuge in a house near the Lone Star brewery; going there he found the negro who said that he had been warned by the authorities to leave town, had intended to leave town and was preparing to go; that the rain came up and he was looking for some place to lay his tired head, poked it into what seemed to him to be an empty house near San Pedro springs, when "zip!" a bullet took him in the eye and knocked it out. The simple truth appears to be that he endeavored to burglarize some body's residence and was shot. The bullet struck him fairly in the nose, and, glancing, tore out his right eyeball, which hangs by a string. He refuses to allow the physician to remove it.

In It Cholera.

Galena, Ill., Aug. 29.—The dysentery epidemic which prevails in several of the towns in Southern Wisconsin is causing great alarm among the people of that section, and grave apprehensions are felt lest it may break out in this country, which borders on the infected district. The number of new cases for the past four days is 74. Sixteen deaths were reported during the past week by physicians. The cause of the epidemic is attributed to drinking artesian water, which has been extensively advertised of late as possessing wonderful medical qualities. The total number of deaths to date is 31.

Lynch Law in Ohio.

Bellefontaine, O., Aug. 29.—Saturday night a negro known as Pont Poe forced an entrance into the residence of Mrs. Bliss, white, and criminally assaulted Mrs. Bliss and her young daughter and a daughter of a neighbor, aged 14 years, first choking them into insensibility. The next day the sheriff and a posse arrested Poe at a religious meeting, where he was

taking a prominent part in the services. While the sheriff's posse was en route to jail with the prisoner next day a mob of 300 men overpowered the officers and took the negro to the scene of his crime, where they hanged him. Poe confessed his guilt and said he deserved death.

Appeal to Congress.

The state Alliance at Dallas makes the following appeal to Congress:

Dallas, Aug. 29.—Hon. Richard Coke: Dear Sir—Each cotton state has elected two delegates to appear before congress on Sept. 1 to ask that a special bill be at once passed removing the tariff from jute bagging. Hon. Evan Jones, president of Texas state alliance and the nominee of two independent conventions for governor of Texas, goes from here.

We believe a courteous reception of said delegation and prompt action by congress will greatly neutralize the independent political movement in the south. Respectfully, E. B. WARREN, Secretary Nation Alliance.

J. D. FIELDS, President State Alliance Exchange.

Chataanooga's Wild Cats.

Chataanooga Tenn., Aug. 28.—Five weeks ago, Policeman W. T. Russel shot and killed Joseph Bishop, a negro, for resisting arrest. To-day Chief of Police Howard received the following communication, written in red ink:

"Death to Russel and all police that shot a negro. Beware, Policeman Russel, your time is short."

In the center of the sheet of paper was a skull and cross bones. The matter has caused quite a sensation in police circles.

Drowned.

San Antonio, Aug. 29.—Henry Oughten, a prominent young ranchman of Kendall county, was drowned, together with a fine span of horses, while attempting to cross Verde creek near Boerne, this evening. His body has not yet been recovered and the current of the stream is so swift that it is considered dangerous to search for the drowned man.

Another name for it.

Tuscola Ill., Aug. 28.—A few days ago W. F. Pursell and Miss, Libbie Miller, daughter of Elias Miller a wealthy farmer, disappeared and were married at the neighboring town. They returned yesterday and showed their marriage certificate, but Farmer Miller was relentless. He had a warrant issued for the young man on a charge of kidnapping his child, but the papers being defective Pursell was released to join his bride. Miller is still determined the marriage shall be annulled and the kidnapper punished. The parties are widely known and the affair has created a great sensation.

A Dying Woman's Strange Request.

Peru, Ind., Aug. 20.—Mrs. Mary Magdeline Verge, a native of France, died here to-day with tumor of the stomach. Her last request to her daughter was that her heart be taken out, and her hands and feet amputated, and sent to France for burial. Accordingly this morning Drs. Passage and Ramsey amputated her hands and took the heart out, placing them in a glass globe filled with alcohol. They will be sent to France as directed while to-morrow morning her remains will be taken to Somerset, this county, for burial. While standing near a window during a thunderstorm, several years ago, a flash of lightning blinded her, from the effects of which she never recovered. She was well educated, and a graduate of medicine from a French college.

Yellow Fever Report.

Washington Aug. 20.—Surgeon General Hamilton said to-day in regard to the yellow fever in Jacksonville, that there have been 131 cases to date out of which forty recovered, nineteen have died and seventy-two are under treatment. Dr. Starkbuck, of the Marine hospital, service at Fernandina, Fla., telegraphed Surgeon-General Hamilton that that city was never healthier and in better sanitary condition than at present and there is no truth in the recent report that a death from yellow fever occurred.

Great Special
